

G.M.B. Akash | Child labour and Drug Problems

Dear Friends and colleagues,

I came back Dhaka, Bangladesh at 25Th of December after one year staying in Germany. I start taking photos in Dhaka already. I am trying to complete my project on „Child labour“ and „Drug Problems“ at this moment. But I am also taking lot of single images and planning for other projects.

Not all of them are strong/compelling images, but any how I want to share with you. You can see some of new images [here](#). I will appreciate if I get your feedback.

Best Regards, G.M.B.Akash
