

CIA: „public apathy about Afghanistan

Der CIA über Afghanistan und wie man die öffentliche Meinung in Europa manipuliert (ein „confidential“ Dokument bei [Wikileaks](#)):

*The fall of the Dutch Government over its troop commitment to Afghanistan demonstrates the fragility of European support for the NATO-led ISAF mission. Some NATO states, notably France and Germany, have counted on **public apathy about Afghanistan** to increase their contributions to the mission, but indifference might turn into active hostility if spring and summer fighting results in an upsurge in military or Afghan civilian casualties and if a Dutchstyle debate spills over into other states contributing troops.*
