## [Anonymous & Lulz Security Statement:](#)

*(...) Now let us be clear here, Mr. Chabinsky, while we understand that you and your colleagues may find breaking into websites unacceptable, let us tell you what WE find unacceptable:*

\* Governments lying to their citizens and inducing fear and terror to keep them in control by dismantling their freedom piece by piece.

\* Corporations aiding and conspiring with said governments while taking advantage at the same time by collecting billions of funds for federal contracts we all know they can't fulfil.

\* Lobby conglomerates who only follow their agenda to push the profits higher, while at the same time being deeply involved in governments around the world with the only goal to infiltrate and corrupt them enough so the status quo will never change. (...)

Woran mich das erinnert? An meine Sci-Fi-Geschichte „[Das Einstein-Bose-Kondensat](#)“ aka „Cypherguerilla“ aus dem Jahr 1996! Da war ich doch wirklich prophetisch!
