Like most website operators, METAbolt.net collects non-personally-identifying information of the sort that web browsers and servers typically make available, such as the browser type, language preference, referring site, and the date and time of each visitor request. METAbolt.net's purpose in collecting non-personally identifying information is to better understand how METAbolt.net's visitors use its website. From time to time, METAbolt.net may release non-personally-identifying information in the aggregate, e.g., by publishing a report on trends in the usage of its website.

METAbolt.net also collects potentially personally-identifying information like Internet Protocol (IP) addresses. METAbolt.net does not use such information to identify its visitors, however, and does not disclose such information, other than under the same circumstances that it uses and

discloses personally-identifying information, as described below. (Es geht noch unendlich lang weiter.
