

Selbstkritik bei deutschen Journalisten unbekannt

[MediaACT](#): „Criticism – unknown to German journalists“.

„More than one-third of the questioned German journalists never or hardly ever criticize their peers; two-thirds are never or hardly ever criticized even by their supervisors. Conclusion: Although German journalists regularly attack politicians and managers, they lack the experience of turning a critical view on themselves. This is a key result of an international study“.

„The project ‚Media Accountability and Transparency in Europe‘ is a comparative research effort on media accountability systems (MAS) in EU member states as indicators for media pluralism in Europe.“
