

Pack Leader

„Having trained dogs for so many years, I tried to teach people that dogs are always looking to the pack leader for everything...from when it's time to eat, to sleep, to be afraid, to play, and on and on. When I retrained their dogs' aggressive behaviors in minutes, they were always mystified, until I explained that by BEING the pack leader, I freed their dogs from making the decisions, allowing them to relax, with the confidence I was in charge. It's why dogs shouldn't be regularly left alone for long periods of time. They're pack animals who truly need their pack members.“ ([Quelle](#))

Im Übrigen bin ich der Meinung, dass nur wenige Frauen Hunde vernünftig erziehen können. Ich kenne gegenwärtig jedenfalls keine.
