

# 35 Ellis Island Immigration Photos That Capture American Diversity

[All that is Interesting](#): „As a clerk at Ellis Island from 1892-1925, Augustus Sherman was in a unique position to document countless immigrants as they attempted to gain entrance into the United States. The untrained photographer had an undeniable natural talent: Even with bulky cameras and the time-consuming exposure process they required, Sherman was able to take more than 200 photos – of subjects typically detained for interrogation – that reveal as much about the subjects’ fears as they do the diverse reality of our national heritage“.

Wow. Just saying.
