

Besatzung?

Wer sagt es jetzt den Deutschen? Die [Jerusalem Post](#) schreibt: „The Palestinian Authority admits there’s no ‘Israeli occupation’“.

„The Israeli occupation of the Palestinian Arabs ended 30 years ago. Don’t take my word for it. Just ask the Palestinian Authority.

The PA recently submitted a request to UNESCO to recognize the city of Jericho as a “Palestinian heritage site.” In its [description of the history of the region](#), the PA’s request refers to “the time of Israeli Occupation (1967-1994).” Thus, the PA has acknowledged, in writing, that Israel’s occupation there ended in 1994.“
