

Mein Name ist Nakesh, Amit Nakesh

Angeblich soll der Iran [heute Nacht beginnen](#), Israel anzugreifen.

Ich darf auf einen [Artikel der Jerusalem Times](#) hinweisen, der sich auf Quellen der *New York Times* stützt:

Former Hamas political leader [Ismail Haniyeh](#) was killed by an explosive device that was secretly smuggled into his guesthouse in Tehran, and not by an airstrike, The New York Times reported and The Jerusalem Post has independently confirmed.

The bomb was hidden in June [!] and used cutting-edge remote technology as has been used in the killing of Iran nuclear chief [Mohsen Fakhrizadeh](#), according to the report and the Post's sources.

Alles Profis. Dazu passt: [Mossad agent Amit Nakesh?](#) – Turkish media identifies Haniyeh assassin by joke name“.

Outlets such as Akdeniz Gercek Gazetesi and Guneydogu Ekspress identified the operative behind the Wednesday death of Haniyeh in Tehran as “Amit Nakesh.” The name, [Amit Nakesh](#) is a

corruption of "hamitnakesh," Hebrew for "the assassin."

Schwarzer Humor, sozusagen, Mossad-Style.
